CBSE SCHOOL LAB FURNITURE

Boost Your School's Success

Achieve School Excellence with Metrolabs! Our cutting-edge lab solutions attract top students, ensure affiliation compliance, and enhance your educational standards.

ISO 9001: 2015 Certified

Physics Lab

Discover science! Hands-on experiments every day.

Chemistry Lab

Explore the world of molecules! Discover through experimentation.

Biology Lab

Learn by doing! Hands-on experiments bring biology to life.

Computer Lab

Use technology wisely. Respect online safety and digital citizenship.

Future **SCIENTISTS START HERE FROM YOUR SCHOOL LABS**

WE ARE THERE
**WHEN
YOU
NEED
US!**

About Us

Metrolabs: Experience safe, ergonomically designed lab furniture that enhances productivity and fosters innovation in your educational setting. We deliver high-quality solutions at competitive prices and with unmatched speed.

Why Choose Us

We bring expert guidance directly to you, ensuring our solutions perfectly align with your unique curriculum and SOPs

THANK YOU

BUILDING YOUR DREAM LABORATORY WITH METROLABS

Thank you for your interest in Metrolabs and our comprehensive catalog. We are delighted that you are considering us for your school's laboratory needs.

At Metrolabs, we understand that creating a world-class laboratory is crucial for inspiring young minds. We are committed to guiding you every step of the way, from initial planning to final installation, to ensure your vision becomes a reality.

We encourage you to explore our catalog thoroughly. It showcases our diverse range of high-quality laboratory furniture, Systems, and solutions designed to enhance the learning experience.

Our team of experts is dedicated to providing personalized support and answering any questions you may have. We are here to help you achieve your laboratory goals.

Sincerely,
Team Metrolabs

YOUR BENEFIT OUR SCOPE
WWW.SCHOOLLABFURNITURE.COM

PLAN YOUR SCHOOL LAB FURNITURE

Your Hand-Drafted Drawing

Kindly share a rough hand-drawn draft incorporating the following details:

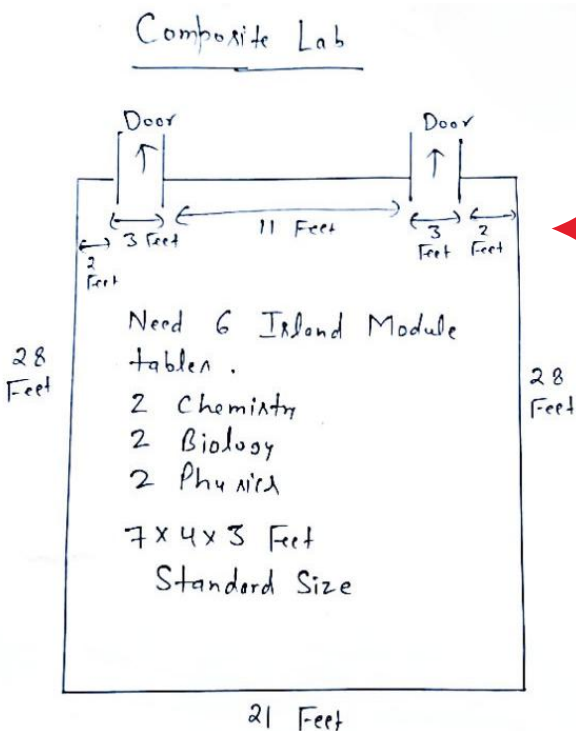

Room dimensions (length and width).

Number of Doors, sizes and positions.

Locations and details of any pillars within the room (if applicable).

Main electrical and plumbing junctions.

Total number of students per batch for practical sessions.

Our Detailed plan diagram

We will provide a detailed plan diagram for your required lab, including

Lab Furniture Dimensions - Accurate measurements for all furniture pieces.

Integrated Facilities - Placement of essential features such as.

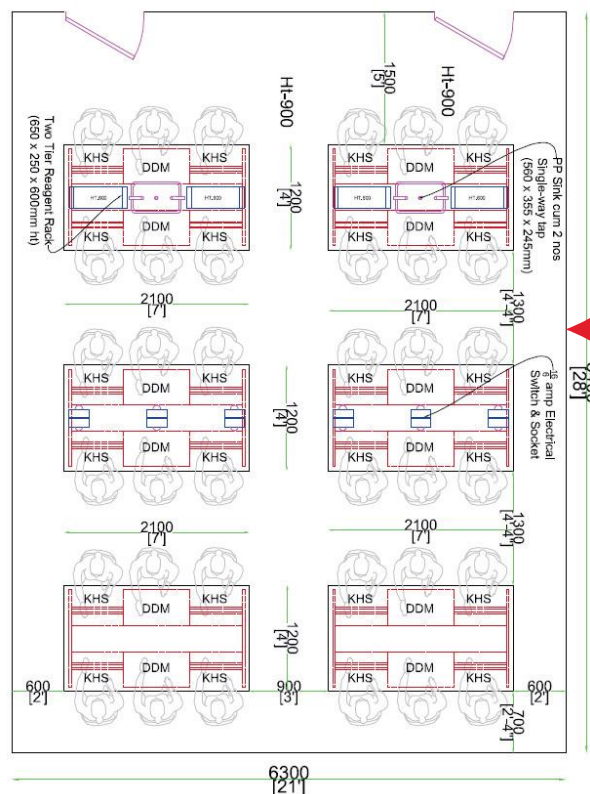

Locations and details of any pillars within the room (if applicable).

Hand Wash Sink & Tap - Ensuring hygiene and convenience.

Electrical Box - Proper positioning for safety and accessibility.

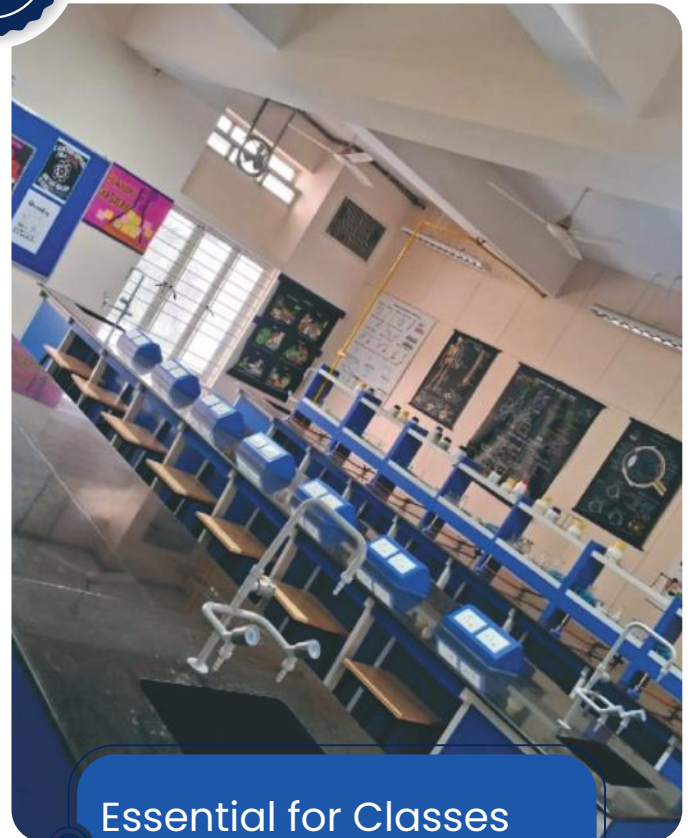

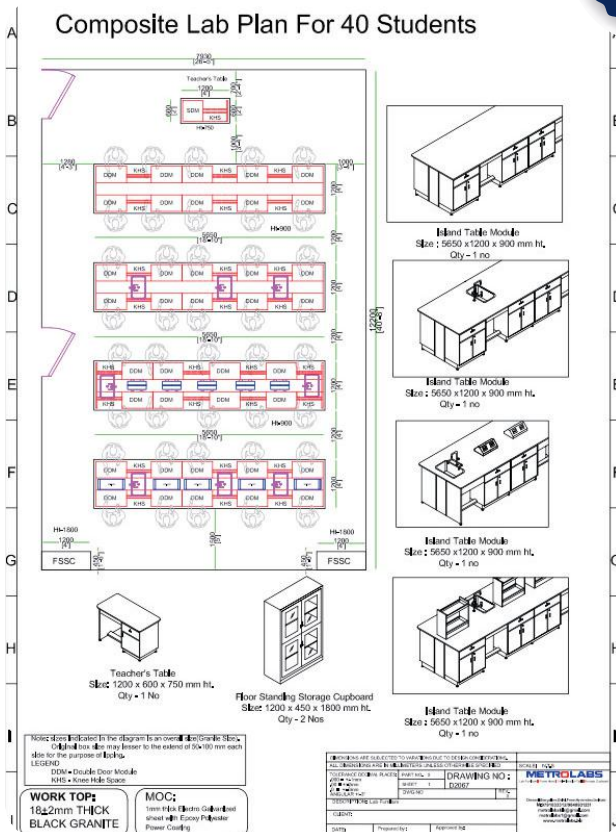

Under-Bench Cupboards - Storage solutions for equipment and materials.

Reagent Storage Shelves - Organized space for chemicals and reagents.

COMPOSITE LAB All in One Science Lab

PHYSICS

Gain a deeper understanding: By conducting experiments, students can solidify their understanding of physics concepts and see how they apply to the real world

CHEMISTRY

Enhance Practical Skills: Students gain hands-on experience with chemicals and lab equipment such as beakers, test tubes, Bunsen burners, and microscopes, building essential skills for future science-related careers.

BIOLOGY

Observe and investigate living things: Students might examine cells under a microscope, dissect plants or animals, or study the behavior of organisms.

GET IN TOUCH FOR CUSTOM SOLUTIONS

MARIE CURIE

She was a trailblazing scientist and the first woman to win a Nobel Prize. She made groundbreaking discoveries in radioactivity, coining the term itself, and discovered the elements polonium and radium. Her pioneering research laid the foundation for **modern nuclear physics** and medical treatments.

ISOLATED LAB

CHEMISTRY LABORATORY FURNITURE

for CBSE, ICSE, IB and all other curriculums in India

Lab requirements

- **Minimum Requirement:** The Chemistry Lab should have at least 600 to 800 square feet to comfortably accommodate 24 to 40 students at a time.
- **Separate lockable cupboards** for acids, bases, and reagents, placed safely away from student work areas.
- **Secure storage** on sturdy shelves with protective lips, keeping chemicals inaccessible to students.
- **Adequate ventilation** to prevent fumes from accumulating.
- **Demonstration Table:** Equipped with a plumbed sink and water tap for demonstrations and cleaning during practical sessions.

Remember to select the Lab Furniture

Fire Safety: All construction materials must be fireproof, preferably steel

Work Surface: The working top should be made of alkaline and acid-resistant granite, with a minimum thickness of 18mm.

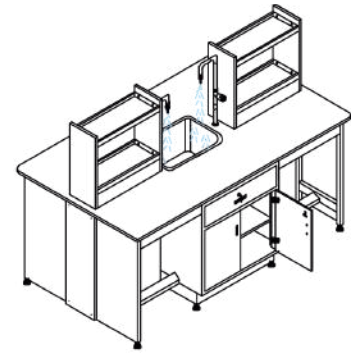

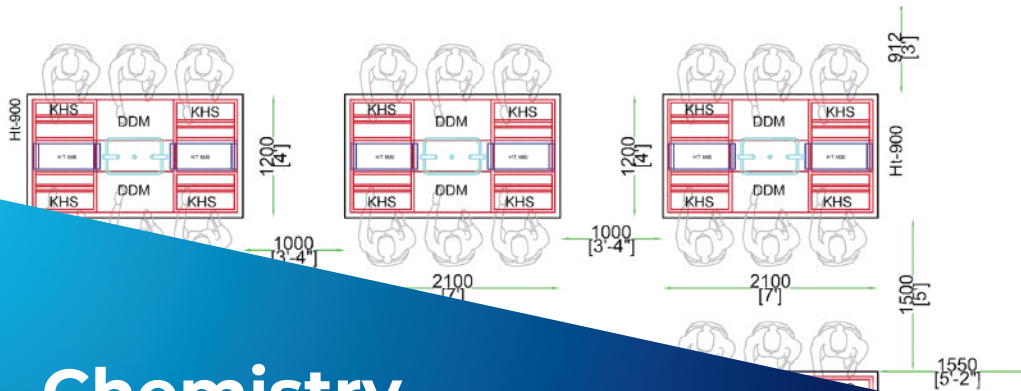

Under-Bench Storage: Under-bench cupboards must be epoxy powder coated.

Rust Resistance: Rust-free materials, such as 1 to 1.2mm thick galvanized iron (GI), should be used.

The furniture must include reagent racks, a sink with taps, gas burners, and optionally, an eyewash/body shower

Chemistry Table
(2100 X 1200 X 900 mm.h)

Chemistry Laboratory Furniture

Nurturing future scientists

Chemistry Lab Tables

Our recommended chemistry lab design includes island lab tables, which comfortably accommodate six students each.

Under bench Modules

Under-bench storage maximizes space utilization in the chemistry lab, providing dedicated compartments for chemicals, records, and other necessary instruments and equipment.

Lab Bench Outfitting

Chemistry lab benches must include reagent racks for chemical storage, a sink with taps for cleaning and experiments, gas burners for heating, and, optionally, an eyewash/body shower for emergency use.

Emphasizing long-term value

Our chemistry lab setup is a strategic investment in your school's future. It facilitates a smooth affiliation process, creates capacity for more students, provides durable and adaptable furniture that will last for years, and ensures a modern, functional learning environment.

Customized Design

Your lab, your design: We offer customized solutions to fit your exact dimensions

Quality Manufacturing

Impeccable quality manufacturing, thoughtfully priced to meet your budget

Safe Supply

Your order will be carefully packaged, safely transported, and delivered directly to you.

On-time Installation

Your ordered lab furniture will be installed and your dream lab hand over to you as scheduled

We Metrolabs

Metrolabs offers custom-designed, high-quality labs tailored to your space and budget, with safe delivery and on-time installation.

ISOLATED LAB

PHYSICS LABORATORY FURNITURE

for CBSE, ICSE, IB and all
other curriculums in India

Lab requirements

- Minimum Lab Size: 600 sq. ft. to accommodate practical work for up to 40 students.
- Storage Space: Dedicated area for consumables and non-consumables, secured with lock & key for safety and easy inventory management.
- Equipment Storage: Instruments and equipment must be stored in locked cabinets or on sturdy shelves with protective lips, ensuring they are out of students reach.
- Ventilation: Proper air circulation must be maintained for a comfortable and safe environment.
- Seating: 40 lab stools to provide comfortable seating for all students during practical sessions.

Remember to select the Lab Furniture

Fire Safety: All construction materials must be fireproof, preferably steel

Work Surface: The working top should be made of alkaline and acid-resistant granite, with a minimum thickness of 18mm.

Under-Bench Storage: Under-bench cupboards must be epoxy powder coated.

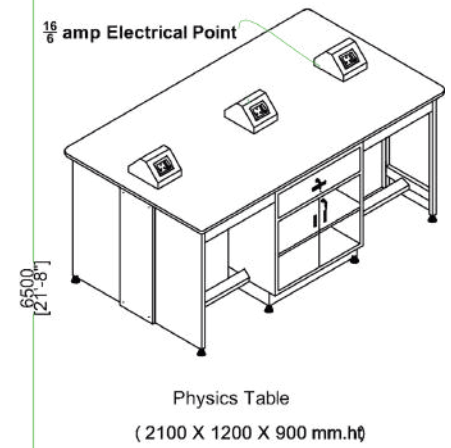

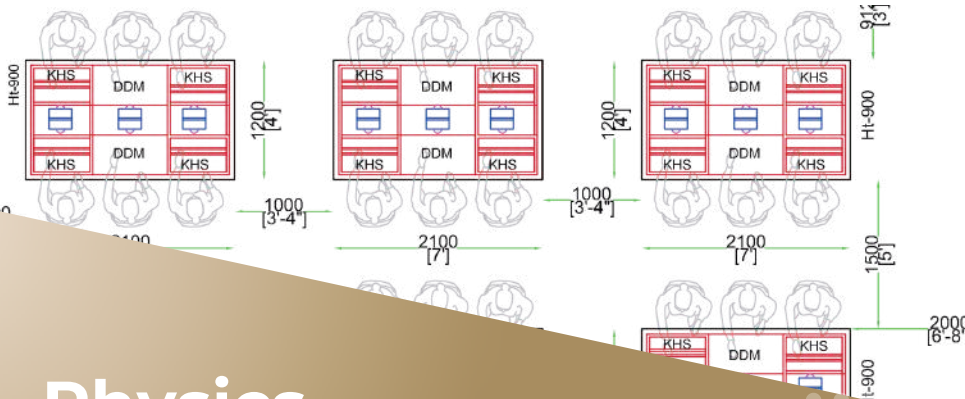

Rust Resistance: Rust-free materials, such as 1 to 1.2mm thick galvanized iron (GI), should be used.

For safety and convenience, physics lab benches require electrical switches with indicator lights, readily accessible sockets, and optionally, an integrated MCB control panel.

We are there when you need us !

Physics Laboratory Furniture

For future energy creator

Physics Lab Tables

Our recommended physics lab design includes island lab tables, which comfortably accommodate six students each.

Under bench Modules

Under-bench storage optimizes space in the physics lab, offering dedicated compartments for records, instruments, and essential equipment.

Lab Bench Outfitting

Physics lab benches must include 16/6 Amp Electrical switch and sockets and optional MCB controls. Optionally, Built-in cable trays or concealed electrical channels to keep wiring safe and organized.

Emphasizing long-term value

Our Physics Lab Setup is more than just furniture — it's a **strategic investment** in your school's long-term success. Designed to meet **CBSE, ICSE, and international standards**, our lab solutions help schools seamlessly navigate the **affiliation process**, expand capacity to accommodate more students, and create a **safe, modern, and inspiring learning environment**.

ISOLATED LAB BIOLOGY LABORATORY FURNITURE

for CBSE, ICSE, IB and all
other curriculums in India

Lab requirements

- Minimum Lab Size: 600 sq. ft., accommodating 24 to 40 students.
- Storage Space: Dedicated area for consumables and non-consumables, secured with lock & key.
- Biology instruments, preserved specimens, charts, and materials must be stored in locked cabinets or on sturdy shelves with protective lips.
- Secure Storage: Keep items out of students' reach to ensure safety and preservation.
- Ventilation: Ensure proper airflow to prevent specimen damage and maintain a healthy space.
- Demo Table: Includes a sink and water tap for easy cleaning and practical demonstrations.
- Seating: 40 lab stools ensure comfortable seating for student observation, note-taking, and operational work.

Remember to select the Lab Furniture

Fire Safety: All construction materials must be fireproof, preferably steel

Work Surface: The working top should be made of alkaline and acid-resistant granite, with a minimum thickness of 18mm.

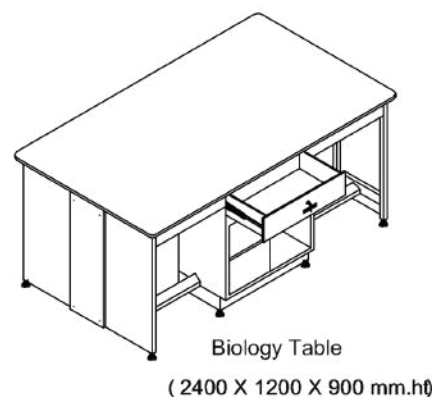

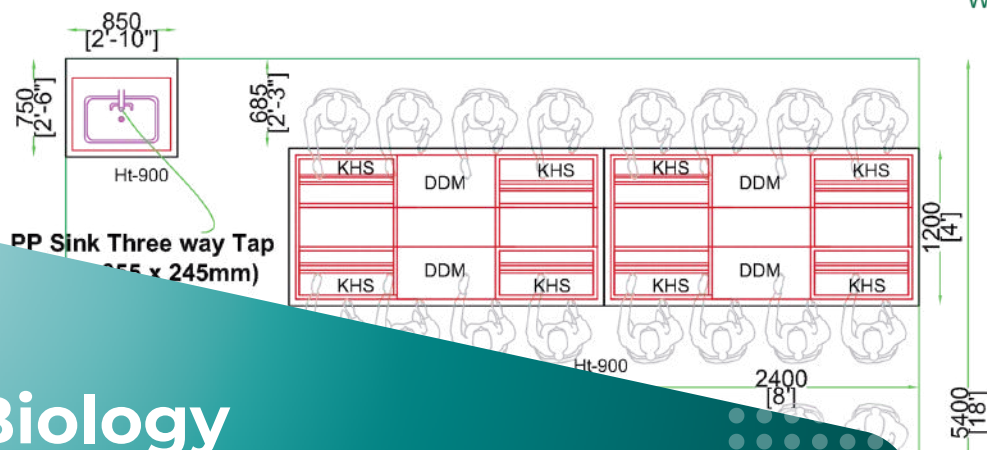

Under-Bench Storage: Under-bench cupboards must be epoxy powder coated.

Rust Resistance: Rust-free materials, such as 1 to 1.2mm thick galvanized iron (GI), should be used.

The furniture must include a sink with taps for washing and other uses; reagent racks are optional for chemical storage.

Biology Laboratory Furniture

Open doors for aspiring biologists

Biology Lab Tables

Our recommended biology lab design includes island lab tables, which comfortably accommodate six students each.

Under bench Modules

Delicate biology instruments, preserved specimens, charts, and sensitive materials should be stored securely in **locked cabinets** or on **sturdy shelves with protective edges**, kept out of student reach. Proper **ventilation** is essential to prevent deterioration and contamination.

Lab Bench Outfitting

The standard biology lab bench features a plumbed sink with taps for cleaning and experiments, a **stable, vibration-free** work surface for microscopes, and **16/6 Amp electrical sockets** at each workstation to power microscopes, centrifuges, and other lab equipment.

Emphasizing long-term value

Our **biology lab setup** is a smart investment in your school's future, supporting smooth affiliation approval, expanding student capacity, and providing **durable, adaptable furniture** designed to last for years — all while creating a modular and fully functional learning environment.

ISOLATED LAB COMPUTER SCIENCE LAB FURNITURE

for CBSE, ICSE, IB and all
other curriculums in India

Lab requirements

- Minimum Room Size: 600 to 800 sq. ft., suitable for 30 to 40 students.
- Seating Arrangement: Each computer can be shared by 2 students, with a 1:1 ratio preferred where possible.
- Storage: Computer lab materials and accessories must be stored securely in locked cabinets or on sturdy shelves.
- Ventilation: Proper air circulation or air conditioning is essential for optimal working conditions for both students and computers.
- Demonstration Table: Should include a keyboard tray and CPU trolley to support practical demonstrations.
- Seating: Comfortable seating should be provided to allow students to observe demonstrations and take notes effectively.

Remember to select the Lab Furniture

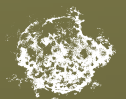

Fire Safety: All construction materials must be fireproof, preferably steel

Work Surface: The working top should be made of alkaline and acid-resistant granite, with a minimum thickness of 18mm.

Standard keyboards and mice are required for each computer. CPU trolleys are optional, primarily useful for maintenance if CPUs are not readily accessible on tables.

Rust Resistance: Rust-free materials, such as 1 to 1.2mm thick galvanized iron (GI), should be used.

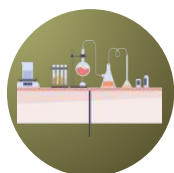

Storage Cupboards & Lockers: Secure storage for accessories, books, and student belongings

Computer Science Laboratory Furniture

for a digitally driven world

Computer Lab Tables

Our recommended biology lab design includes island lab tables and / or Wall side tables, which comfortably accommodate students for each Keyboard.

Storage Cupboards

Computer Science lab storage cupboards keep cables, peripherals, and manuals organized, protect equipment from dust and damage, and prevent unauthorized access. Lockable compartments secure sensitive items, while organized storage ensures easy maintenance and quick access to tools.

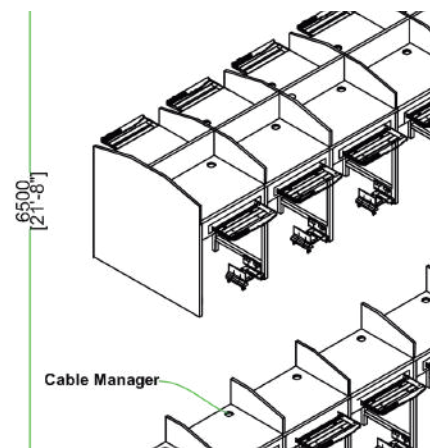

Lab Bench Outfitting

The standard Computer Lab Bench configuration includes a keyboard tray, CPU trolley, electrical switches, and MCB for safety and convenience.

Emphasizing long-term value

Our **computer lab setup** is a valuable investment in your school's future, ensuring a smooth **affiliation process**, increasing student capacity, and providing **durable, adaptable furniture** designed to last for years — all while creating a modular and efficient learning space.

ISOLATED LAB

ROBOTICS & AI LAB FURNITURE

for CBSE, ICSE, IB and all other curriculums in India

Lab requirements

- Minimum Room Size: 600 to 800 sq. ft. for 30-40 students
- Seating Arrangement: Should accommodate at least 1 computer per 2 students or 1:1 ratio where possible.
- Robotics instruments, and related materials must be stored securely in locked cabinets or on sturdy Proper ventilation or air conditioning is essential to maintain optimal working conditions for both students and computers.
- The Robotics & AI lab demonstration table specifications are: dimensions of 6' x 4' or 8' x 4', a height range of 30"-36", a frame fabricated from heavy-duty powder-coated steel or galvanized iron, and a work surface consisting of laminated MDF with a matte finish.

Remember to select the Lab Furniture

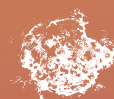

Fire Safety: All construction materials must be fireproof, preferably steel

Work Surface: 18mm thick black granite or laminated MDF for a smooth, durable finish

Standard keyboards and mice are required for each computer. CPU trolleys are optional, primarily useful for maintenance if CPUs are not readily accessible on tables.

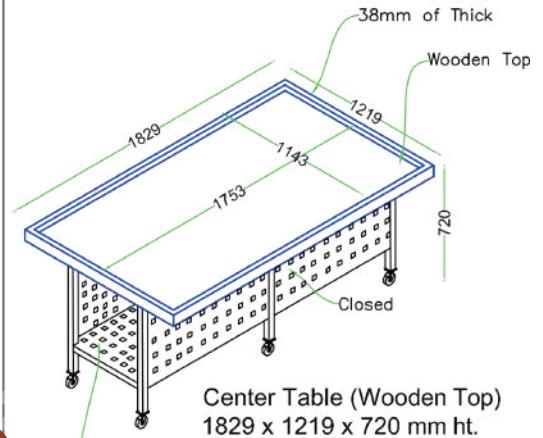

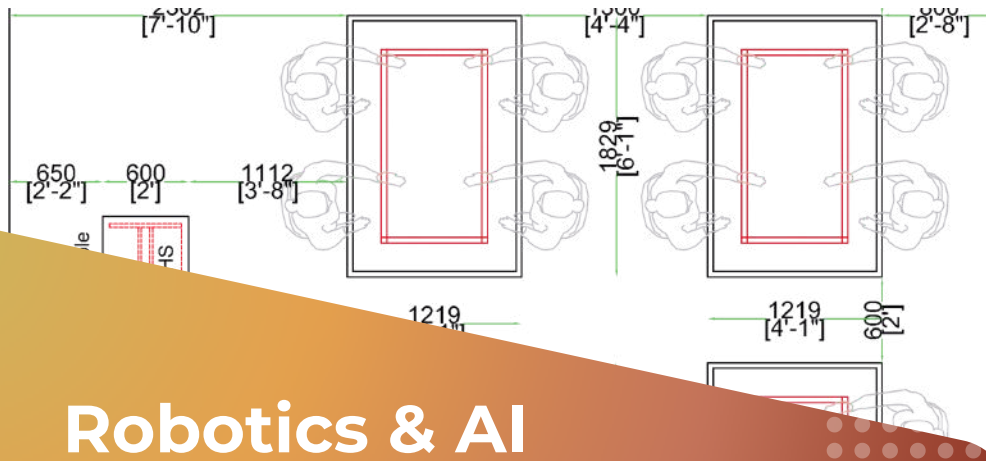

Rust Resistance: Rust-free materials, such as 1 to 1.2mm thick galvanized iron (GI), should be used.

Modular Design: Can be customized with movable partitions for multi-purpose use

Center Table (Wooden Top)
1829 x 1219 x 720 mm ht.

Robotics & AI Laboratory Furniture

Innovation, hands-on learning,
and problem-solving skills

Robotics & AI Lab Tables

The lab should utilize a mix of island and wall-side tables to create flexible workstations for robotics, coding, and electronics. This includes:

- Individual tables: For focused student work.
- Long collaborative tables: For group projects.
- Island workbenches: For team-based experimentation.

Standardized sizing is recommended at 1200mm x 600mm per student, with the flexibility to adjust based on the lab's size and needs.

Storage Cupboards

Robotics & AI Lab storage cupboards keep cables, peripherals, and manuals organized, protect equipment from dust and damage, and prevent unauthorized access. **Lockable compartments** secure sensitive items, while organized storage ensures easy maintenance and quick access to tools.

Emphasizing long-term value

Our **Robotics & AI Lab** is a forward-thinking investment in your school's future, supporting smooth **affiliation approval**, expanding student capacity, and providing durable, adaptable furniture designed to last for years — all while creating a **cutting-edge, functional learning environment**.

Storage Racks and Cupboards

Quality storage solutions in CBSE school labs improve efficiency, safety, and learning. They achieve this by organizing materials, streamlining workflows, and aiding inventory; ensuring safe chemical storage and protecting equipment; maximizing lab space; promoting focused learning and hands-on exploration; and meeting CBSE guidelines for a professional environment. Essentially, good storage creates a safer, more effective learning space.

WALL STORAGE CUPBOARDS

- **Durable Construction:** Made from Galvanized Iron (GI) sheet for superior strength and corrosion resistance.
- **Adjustable Thickness:** 1-1.2 mm thick GI sheet, customized for size and load capacity.
- **Reinforced Frame:** Internal GI framework for added support, especially for glass doors and heavy storage.
- **Secure Wall Mounting:** Equipped with brackets or keyhole slots for even weight distribution and stability.
- **Protective Finish:** Epoxy powder-coated for a sleek, durable, and rust-resistant surface.

LOCKER CUPBOARDS

- **Durable Body:** Made from Galvanized Iron (GI) sheet for corrosion resistance and long-lasting strength.
- **Adjustable Thickness:** 1-1.2 mm thick GI sheet, tailored for size and load requirements.
- **Reinforced Frame:** Internal GI framework for enhanced stability, supporting doors and locking mechanisms.
- **Sturdy Doors:** GI sheet doors with epoxy powder coating for durability and a seamless finish.
- **Elevated Base:** Raised GI platform prevents direct floor contact, enhancing stability and longevity.

FILE RACKS

- **Sturdy Construction:** Galvanized Iron (GI) sheet ensures strength and corrosion resistance.
- **Customizable Thickness:** 1-1.2 mm thick GI sheet, designed for size and load requirements.
- **Organized Storage:** GI sheet dividers create individual compartments for efficient file management.
- **Reinforced Frame:** Internal GI framework enhances durability and weight support.
- **Stable Base:** Raised GI platform prevents floor contact for added longevity.

FLOOR STANDING CUPBOARDS

- **Durable Construction:** Made from Galvanized Iron (GI) sheet, offering excellent corrosion resistance.
- **Premium Finish:** Epoxy powder-coated for enhanced durability and a sleek, professional look
- **Sturdy Framework:** Internal structure crafted from high-quality GI sheet for long-lasting performance.
- **Spacious & Secure:** Features four full-overlay doors for easy access and organized storage.
- **Fully Customizable:** Tailor specifications to your needs—size, color, interior layout, locking mechanisms, and material thickness.

DISPLAY CUPBOARDS

- **Sturdy Construction:** Made from Galvanized Iron (GI) sheet for corrosion resistance and strength.
- **Adjustable Thickness:** 1-1.2 mm thick GI sheet, tailored for size and load capacity.
- **Reinforced Frame:** Internal GI framework for added support, ideal for heavy items.
- **Stable Base:** GI sheet base frame ensures durability and stability.
- **Custom Finish:** Epoxy powder-coated in any RAL color—standard design features a white body with green shelves and base.

OPEN RACKS

- **Strong Frame:** Built with Cold-Rolled Close Annealed (CRCA) steel, ensuring exceptional strength, stability, and load-bearing capacity.
- **Corrosion-Resistant Shelves:** Crafted from Galvanized Iron (GI) sheets to provide superior durability and resistance to rust and wear.
- **Protective Finish:** Epoxy powder-coated surface, offering a sleek appearance, enhanced corrosion resistance, and easy-to-clean finish.
- **Multipurpose Use:** Suitable for storing lab equipment, models, charts, documents, teaching aids, and more across various school labs — from Physics and Chemistry to Robotics and Computer Science.

Fume Cupboards

Fume cupboards are highly important for safety in school science laboratories, especially those following the CBSE curriculum, where practical experiments are a key component.

Why we Need

Many chemical experiments produce toxic fumes, vapors, and gases that can be harmful if inhaled. Fume cupboards are designed to vent these substances away from students and teachers

The CBSE curriculum emphasizes hands-on learning through practical experiments, particularly in subjects like chemistry. These experiments often involve chemicals that necessitate the use of fume cupboards for safe handling

Schools have a responsibility to provide a safe learning environment for their students. Fume cupboards are an essential safety measure that helps minimize risks associated with laboratory work

Schools are often required to comply with safety regulations regarding the handling of hazardous materials. Fume cupboards help schools meet these requirements.

Contacts

Secure your health today! Ensure a safe and healthy learning environment for your students and teachers with high-quality fume cupboards designed for ultimate protection and peace of mind.

Why Choose Metrolabs

School Lab Fume Cupboards?

100% SAFE

Unmatched Safety – Effectively vents harmful fumes, ensuring a safe learning environment.

Ergonomic & User-Friendly – Designed for comfort and ease of use in school labs.

Superior Durability – Built with galvanized iron sheets for long-lasting performance.

Customizable Ventilation – Available with inline or remote blower and motor for efficient suctions.

CBSE-Comply Design – Meets school laboratory safety regulations and standards.

Budget-Friendly Solutions – High-quality fume cupboards at cost-effective prices.

Expert Installation & Support – Hassle-free setup with professional guidance.

Get a Free Design & Consultation Today! Contact us for expert advice on safe and efficient school lab fume cupboards.

LABORATORY FURNITURE WORK TOP / TABLE TOP

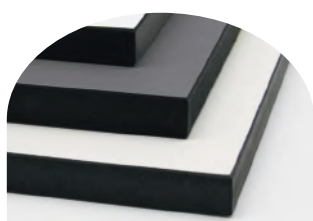

Select the right laboratory worktops for your school

BLACK GRANITE WORKTOPS

Cost-Effective & Low Maintenance

- ✓ **Premium Work Surface:** Crafted from **18 mm thick black granite**, providing exceptional **durability, strength**, and resistance to scratches, heat, and chemicals.
- ✓ **Epoxy Coating:** Enhanced with a protective epoxy coating, ensuring **seamless, non-porous protection** against chemical spills, stains, and corrosion, **ideal for science laboratories** handling acids, reagents, and biological materials.
- ✓ **Easy Maintenance:** The **smooth surface** allows for **quick cleaning**, maintaining **hygienic conditions** essential for school labs.
- ✓ **Long-lasting Performance:** Combines the **natural durability** of granite with **chemical resistance** of epoxy, ensuring **years of reliable** use even in high-traffic school environments.
- ✓ **Aesthetic Appeal:** The sleek **black finish** adds a modern, **professional look** to the laboratory, complementing **contemporary lab designs**.

PHENOLIC RESIN LAMINATE

Contemporary Style & Custom Fit

- ✓ **Durable & Lightweight:** High-pressure phenolic resin laminate offers **superior strength, reduced weight**, and **easy installation**, perfect for school labs.
- ✓ **Resistant & Long-Lasting:** Withstands **chemicals, moisture, scratches, impact**, and moderate heat, ensuring **long-term performance** in **Physics, Chemistry, and Biology** labs.
- ✓ **Hygienic & Easy to Clean:** **Non-porous surface** allows for **quick cleaning** and maintains **hygienic conditions**.
- ✓ **Versatile & Customizable:** Suitable for **workbenches, island tables, wall-side benches, and fume hoods**, available in **various colors and finishes** to match your lab design.

APJ ABDUL KALAM

He saw labs as spaces where students could develop a **scientific temperament, characterized by curiosity, critical thinking, and problem-solving skills.**

He wanted students to question, explore, and innovate.

Lab Furniture Materials Specifications

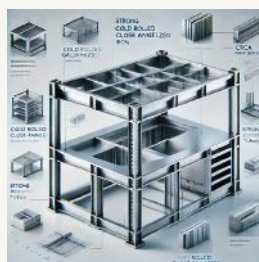

PRODUCTS

Granite Worktops

- ✓ **Durability:** 18 mm thick, strong & long-lasting for heavy lab use.
- ✓ **Epoxy Coated Surface:** Extra protection, chemical & stain resistant.
- ✓ **Easy to Clean:** Smooth, non-porous surface, easy maintenance.
- ✓ **Chemical Resistant:** Resistant to acids, alkalis & solvents.

Material of Construction

- ✓ **Under Bench Modules – Durable** Galvanized Iron (GI) sheets, corrosion-resistant.
- ✓ **Frame Structure – Strong CRCA** square/rectangular tubes for stability.

Powder Coating Finish

- ✓ **Corrosion-Resistant – Durable epoxy-based** powder coating.
- ✓ **Premium Finish – 60 ± 10 microns** thick for extra protection.
- ✓ **Custom Colors – Standard half-white** or optional branding colors.
- ✓ **Full Coating – Interior & exterior** for a lasting finish.

ACCESSORIES

Two-Tier Reagent Rack

- ✓ **Durable Build – Strong GI sheet** construction for long-lasting use.
- ✓ **Corrosion-Resistant – Epoxy powder** coating for durability and a sleek finish.
- ✓ **Chemical Protection – Optional PP** sheet covering for added resistance.
- ✓ **Space-Saving – Two-tier design** for organized storage.
- ✓ **Sturdy & Reliable – Built to handle** lab conditions and heavy loads.
- ✓ **Custom Options – Available in** various sizes and colors.

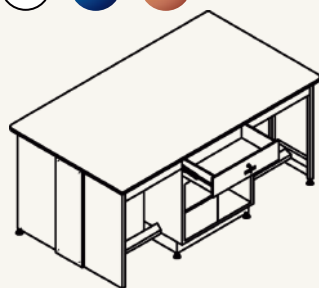

- ✓ **High-Quality Polypropylene – Chemically** resistant and durable.
- ✓ **Acid & Alkali Resistant – Safe** for corrosive substances.
- ✓ **Non-Reactive & Long-Lasting – Ideal** for lab use.
- ✓ **Sleek Black Finish – Professional** and modern look.
- ✓ **Multiple Sizes – 340×340 mm,** 560×355 mm, 600×450 mm.
- ✓ **Easy to Clean – Non-porous** surface for hassle-free maintenance.

- ✓ **Versatile Power – 16A & 6A** sockets for different lab equipment.
- ✓ **Safety Indicators – Power status** display for secure usage.
- ✓ **MCB Protection – Prevents** overloads and short circuits.
- ✓ **Durable Build – Long-lasting,** high-quality materials.
- ✓ **User-Friendly – Easy and** safe operation in labs.

STANDARD SIZE LAB FURNITURE

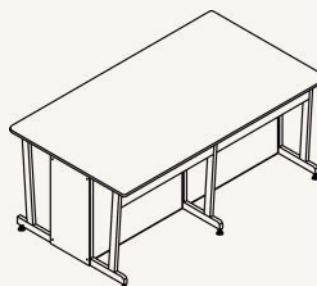

BIOLOGY ISLAND

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Under Bench Module

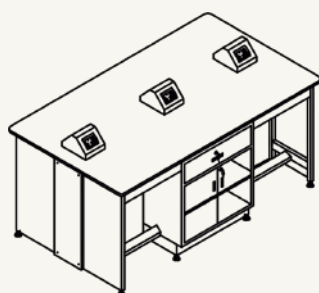

- ✓ Features two storage modules for efficient organization.
- ✓ Each module includes a drawer and a double-door cupboard with an adjustable partition.
- ✓ Equipped with flush handles, a cam lock, and dual keys for security.
- ✓ Customizable color options to match your lab aesthetics.

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Frame Type

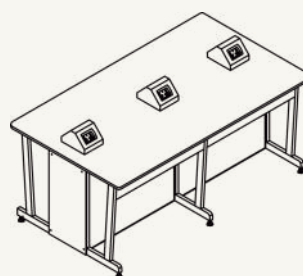

- ✓ Made with 40 x 40 mm or 60 x 30 mm CRCA hollow square tube for stability.
- ✓ Customizable color options to match your lab's aesthetics.

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Under Bench Module

- ✓ Equipped with a two-side usage electrical box featuring switches and sockets.
- ✓ Includes two under-bench storage modules for efficient organization.
- ✓ Each module contains a drawer and a double-door cupboard with an adjustable partition.
- ✓ Designed with flush handles, a cam lock, and dual keys for added security.
- ✓ Customizable color options to suit laboratory requirements.

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Frame Type

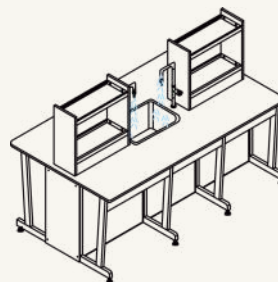

- ✓ Made with 40 x 40 mm or 60 x 30 mm CRCA hollow square tube for stability.
- ✓ Equipped with a two-side usage electrical box featuring switches and sockets.
- ✓ Customizable color options to suit laboratory requirements.

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Under Bench Module

- ✓ Features two reagent shelves for convenient chemical storage.
- ✓ Includes a polypropylene (PP) sink with two single-way water taps for easy access to water.
- ✓ Comes with two under-bench storage modules, each with one drawer and double-door cupboard.
- ✓ The cupboard includes an adjustable partition for flexible storage.
- ✓ Designed with flush handles, a cam lock, and dual keys for security.
- ✓ Customizable color options to match laboratory aesthetics.

7 x 4 x 3 ft. / 8 x 5 x 3 ft.

Frame Type

- ✓ Made with 40 x 40 mm or 60 x 30 mm CRCA hollow square tube for stability.
- ✓ Features two reagent shelves for convenient chemical storage.
- ✓ Includes a polypropylene (PP) sink with two single-way water taps for easy access to water.
- ✓ Customizable color options to match laboratory aesthetics.

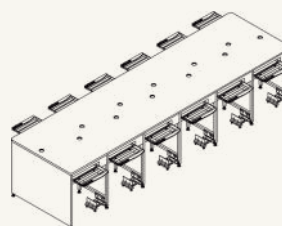

COMPUTR SCIENCE ISLAND

14 x 4 x 2.7 ft.

WITH partition

- ✓ Focused Learning: Individual workspaces with separation partitions.
- ✓ Comfort & Organization: Adjustable keyboard tray and CPU trolley for ergonomic use and clutter reduction.
- ✓ Durability & Style: Robust construction with a premium granite worktop, customizable with various color options.
- ✓ Convenience: Optional electrical add-ons for easy power access.

14 x 4 x 2.7 ft.

WITHOUT partition

- ✓ Focused Learning: Wide workspaces without separation partitions.
- ✓ Comfort & Organization: Adjustable keyboard tray and CPU trolley for ergonomic use and clutter reduction.
- ✓ Durability & Style: Robust construction with a premium granite worktop, customizable with various color options.
- ✓ Convenience: Optional electrical add-ons for easy power access.

STANDARD SIZE LAB FURNITURE

MATHEMATICS LAB

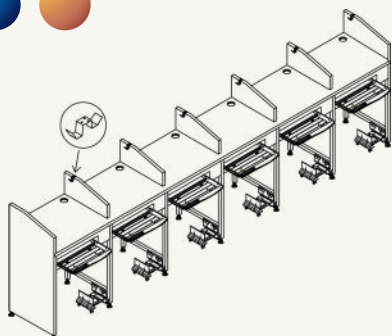

Customized size and design

Customized Size Table

- ✓ Made with 40 x 40 mm or 30 x 30 mm CRCA hollow square tube for stability.
- ✓ Versatile Table Shapes - Round, hexagon, pentagon, triangle, and more for interactive learning.
- ✓ Durable Worktops - Epoxy-coated black granite for long-lasting use.
- ✓ Ample Storage - Display cupboards, open racks, and chart racks for organized storage.

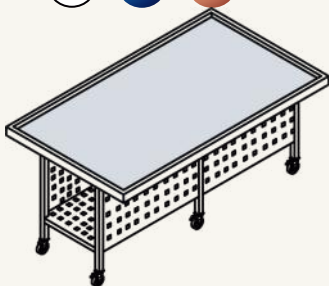

LANGUAGE LAB

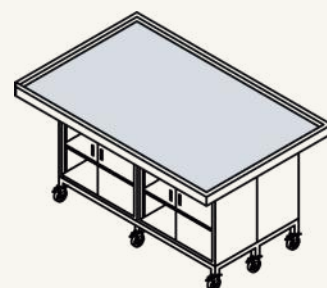

Customized Size Table

- ✓ Designed with a keyboard tray for comfortable use.
- ✓ Student separators for a focused learning environment.
- ✓ Headphone hanging clamps for organized storage.
- ✓ Epoxy-coated black granite worktop, ensuring durability and easy cleaning.
- ✓ Sturdy CRCA rectangular tube structure, finished with epoxy powder coating for longevity.
- ✓ Customizable color options to match lab aesthetics.

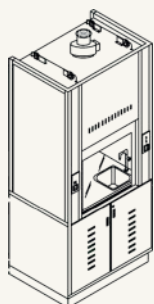

ROBOTICS & AI LAB FURNITURE

- ✓ Strong & Durable: Made with 40 x 40 mm CRCA hollow square tube for stability.
- ✓ Smart Storage & Ventilation: Full-length partition under the tabletop with 30 x 30 mm air vents for airflow.
- ✓ Easy Mobility: PU heavy-duty industrial wheels (with and without brakes) for smooth movement.
- ✓ Premium Work Surface: 18 mm ISI-grade plywood, laminated on both sides for durability.
- ✓ Reinforced Edges: 38 mm ISI-grade plywood, laminated on both sides with edge banding.
- ✓ Optional Storage: Under-bench storage cupboards available.

LABORATORY FUME CUPBOARD

- ✓ Material: Electro-Galvanized (G.I.) Sheet with Epoxy Powder Coat Finish
- ✓ Resistance: Chemical & Heat Resistant with a Smooth, Easily Cleanable Surface
- ✓ Panels: 3 mm Thick PP for Durability and Easy Maintenance
- ✓ Storage: Cabinets with Cupboards, Two Horizontal Partitions, and Shutters
- ✓ Baffles: Fully Aerodynamic, Made of 6 mm PP
- ✓ Worktop: 18 mm Thick ± 2 mm Black Granite, Easy to Clean, Chemical & Heat Resistant.

SCHOOL LAB FURNITURE

INNOVATIVE SCHOOL LAB FURNITURE

Crafting Exceptional Learning Spaces, One Lab at a Time.

Experience the innovation of school lab furniture, where functionality meets design to create engaging and efficient learning spaces.

LABORATORY STOOL

NON REVOLVING - GI TOP

OUR VERITIES - YOUR CHOICE

Durable & Customizable School Lab Stools

- Strong & Sturdy – 1mm thick pre-coated **galvanized iron top** (Tata Steel) with a 15mm lipped edge for durability.
- Stable Frame – 30x30x1mm **CRCA square** tubing ensures long-lasting strength.
- Corrosion-Resistant – **Epoxy powder-coated** finish protects against rust, wear, and chemicals.
- **Customizable Colors** – Top available in Blue, Green, Red, Orange, Grey, or Black with an Ivory/Half White frame.
- **Space-Efficient Design** –
 - Top: 12" Square (with 15mm lip)
 - Base: 14.5" Square
 - Height: 21" – Ideal for lab workstations.
 - With required leveling screws (Bush)
- Low Maintenance – **Easy-to-clean** galvanized iron surface resists stains and chemicals.
- Heavy-Duty Performance – **Built for CBSE school** labs and high-use environments.

LABORATORY STOOL

NON REVOLVING - WOODEN TOP

OUR VERITIES - YOUR CHOICE

Classic Wooden Top School Lab Stools

- Smooth & Durable – 15" **round wooden top** (18±1mm thick) for comfort and strength.
- Sturdy Frame – 30x30x1mm **CRCA square tubing** for stability and durability.
- Rust-Resistant – **Epoxy powder-coated** frame protects against wear and chemicals.
- **Customizable Colors** – Available in Ivory, White, Red, Blue, or Green.
- **Compact Design** –
 - Top: 15" Round
 - Base: 14.5" Square
 - Height: 21" – Perfect for lab use.
 - With required leveling screws (Bush)
- Easy Maintenance – **Smooth surface** for quick cleaning.
- Reliable for Schools – **Ideal for CBSE labs** and educational spaces.

METROLABS SCHOOL LAB FURNITURE: COMPLETED PROJECTS & TESTIMONIALS

Real stories of joy and growth from our customers

"Metrolabs delivered high-quality, durable lab furniture that perfectly meets CBSE standards. Our students now enjoy a modern, well-organized learning space."

B S Mootha CBSE School, Chennai ★★★★★

"The customized lab tables and ergonomic stools have transformed our science and math labs into engaging and efficient spaces."

The Aalam School, Coimbatore ★★★★★

"Metrolabs provided a lab setup that meets global education standards. Highly recommended!"

Brooklyn National Public School, Bangalore ★★★★★

"Excellent craftsmanship and top-notch materials – our labs are now safer and more efficient."

Nasr Boys School, Hyderabad ★★★★★

Begin your School's journey with us and see why Principals & Correspondences love being part of our partner & family. Your school's success story awaits

METROLABS SCHOOL LAB FURNITURE: COMPLETED PROJECTS & TESTIMONIALS

Real stories of joy and growth from our customers

"The attention to detail in design and execution is outstanding. Our labs have become a benchmark for quality."

**Skill Stork International School,
Hanamkonda**

"Metrolabs transformed our outdated labs into state-of-the-art learning spaces."

**Life Valley International School,
Kottayam**

"Their expertise in school lab furniture is unmatched. Functional, durable, and aesthetically pleasing designs."

**Bhaktivedanta National School,
Mayapur**

"Metrolabs exceeded our expectations with their quality products and timely execution."

St. Thomas School, Kanpur

"From design to installation, Metrolabs provided exceptional service and high-quality lab furniture."

**Indoscots Foundation School,
Pune**

SIMPLE TECHNIQUES MAINTAIN YOUR SCHOOL LAB FURNITURE

REGULARLY INSPECT LAB TABLES, BENCHES, AND STORAGE UNITS FOR DAMAGE

✓ Lab Tables & Benches: Check for surface damage (cracks, stains, burns) and **wear on protective coatings. Ensure stability and proper load capacity.**

✓ Storage Units: Inspect for rust (metal) or swelling (wood). Verify hinges, locks, chemical storage, labeling, and ventilation.

WIPE DOWN ALL SURFACES WITH A DAMP CLOTH AND MILD DETERGENT AFTER EACH USE

✓ Remove chemical residues, dust, and spills.

✓ Maintain hygiene and prevent contamination.

✓ Prolong the durability of protective coatings.

USE PROTECTIVE MATS OR TRAYS FOR EXPERIMENTS INVOLVING CORROSIVE CHEMICALS.

Always use protective mats or trays when handling corrosive chemicals to:

- ✓ Prevent damage to lab tables and benches.
- ✓ Contain spills and make cleanup easier.
- ✓ Protect students and staff from accidental exposure.

KEEP CHEMICALS IN LABELED, AIRY, AND SPECIFIC STORAGE

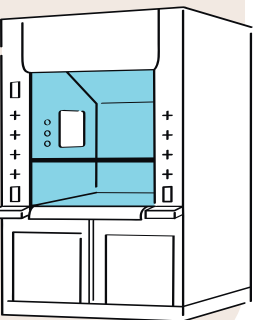

Store chemicals in properly labeled, ventilated, and designated compartments to:

- ✓ Prevent accidental spills, leaks, or dangerous reactions.
- ✓ Ensure safe and easy identification of substances.
- ✓ Maintain compliance with lab safety standards.

CLEAN THE GLASS SASH AND INNER SURFACES WITH APPROPRIATE CLEANERS.

Clean the glass sash and inner surfaces regularly to:

- ✓ Maintain clear visibility and airflow efficiency.
- ✓ Prevent buildup of chemical residues.
- ✓ Ensure safety and longevity of the fume cupboard.

USE MILD DISINFECTANTS TO CLEAN THE SINK AREA AND DRAIN COVERS.

Use mild disinfectants to clean the sink area and drain covers to:

- ✓ Prevent bacteria and mold buildup.
- ✓ Keep drainage systems clear and odor-free.
- ✓ Maintain a safe and hygienic lab environment.

SCHOOL SCIENCE LAB SAFETY RULES

01

1. General Lab Conduct

- ✓ Follow teacher instructions at all times.
- ✓ Wear proper lab attire (lab coats, closed-toe shoes, and safety goggles).
- ✓ Know the location of safety equipment (fire extinguisher, eyewash station, first aid kit).
- ✓ Work only in assigned areas and keep the workspace tidy.
- ✗ Do not eat, drink, or chew gum in the lab.
- ✗ Never work alone in the lab.

2. Handling Chemicals Safely

- ✓ Read labels carefully before using any chemical.
- ✓ Use protective mats or trays when handling corrosive substances.
- ✓ Store chemicals properly in labeled, ventilated compartments.
- ✓ Dispose of waste correctly in designated containers.
- ✗ Do not mix chemicals unless instructed by a teacher.
- ✗ Never touch or smell chemicals directly.

02

03

3. Using Lab Equipment Properly

- ✓ Inspect glassware for cracks before use.
- ✓ Handle hot equipment with tongs or heat-resistant gloves.
- ✓ Turn off burners and electrical devices after use.
- ✗ Do not use damaged or faulty equipment.
- ✗ Never leave an open flame unattended.

4. Emergency Procedures

- ✓ Report all spills, accidents, or injuries immediately.
- ✓ Rinse skin or eyes with water for at least 15 minutes if exposed to chemicals.
- ✓ Evacuate immediately if a fire alarm sounds.
- ✗ Do not panic or run in case of an emergency.
- ✗ Never attempt to clean up dangerous spills without guidance.

04

05

5. Lab Cleanup & Maintenance

- ✓ Wipe down tables and clean up spills immediately.
- ✓ Wash hands thoroughly after experiments.
- ✓ Return all equipment to its proper place.
- ✗ Do not leave messes for others to clean up.
- ✗ Never pour chemicals into sinks without proper disposal instructions.

ESSENTIAL LAB SAFETY TRAINING CERTIFICATION

At Metrolabs, we don't just deliver high-quality school laboratory furniture – we also prioritize safety and awareness for students, instructors, and schools.

TRAINING INCLUDES:

- ✓ **Students** – Empowering them with essential safety knowledge before they enter the lab.
- ✓ **Lab Instructors & Teachers** – Ensuring they understand proper safety protocols and can confidently guide students.
- ✓ **Schools** – Certifying your institution's commitment to maintaining a safe and compliant laboratory environment.
- ✓ **Exam-Based Certification**
- ✓ **Open to All Schools**
- ✓ **Lab safety rules & best practices**
- ✓ **Safe handling of chemicals & equipment**
- ✓ **Emergency procedures** (fire, spills, accidents)
- ✓ **Personal protective equipment (PPE) usage**
- ✓ **Waste disposal & environmental care**

SCHOOL LABORATORY FURNITURE

Why Choose Metrolabs?

EXCLUSIVE BENEFITS FOR YOU!

GET OUR SERVICES

WARRANTY & GUARANTEE

- ✓ **Product Warranty:** 5 years from the date of supply, covering all manufacturing defects.
- ✓ **Service Warranty:** 25 years of **free onsite service** against manufacturing defects (**spares chargeable**).
- ✓ **Material Quality Assurance:** We allow **quality inspections at any time** within the warranty period. If any defects are found, we offer **free replacement** for the affected parts.

LIVE UPDATES, EXCLUSIVE CONTENT

- ◆ **Factory & Finished Project Visit:** Once your purchase order is placed, you get exclusive access to:
 - Our manufacturing units to witness our production quality.
 - Nearby completed lab furniture installations for a first-hand experience of our craftsmanship.
- ◆ **Live Order Tracking:** Stay updated with real-time order status through WhatsApp and email notifications at every stage of production.

COMPLIMENTARY SERVICES

- FREE Site Visit & Custom Design:** Get expert guidance, layout planning, and customized designs for all your laboratory projects—absolutely free!
- FREE Laboratory Safety Training:** On request, we provide safety training for students and staff, covering essential Dos & Don'ts in the lab. Participants will also receive certificates for attending.
- FREE Safety & Educational Posters:** We supply essential Lab Safety Posters, Periodic Table Charts, and Dos & Don'ts guidelines upon lab installation.
